## EXPANDS TO LITTLETON!

Over the past year, Karuna Care Services has experienced meaningful growth, expanding program capacity, strengthening community partnerships, and deepening its commitment to truly person-centered support for individuals with intellectual and developmental disabilities. This progress reflects not only increased demand for services, but the trust families and partners continue to place in KCS. With that momentum, our team is excited to take the next step forward and reach even more individuals and families through thoughtful, sustainable growth.

Beginning **February 1, 2026, Karuna Care Services will expand into Downtown Littleton as part of its southern expansion into the South Metro Denver area!** This new location will support day program services, residential supports, and independent living programs through Medicaid HCBS waivers. Services will include host home and family caregiver support, creative independent living options, behavioral support and supported community connections, bringing high-quality, locally based services to the region.

This expansion represents an exciting opportunity to broaden access, build new community relationships, and continue supporting meaningful lives rooted in independence, inclusion, and choice.
